

MY ICE APP

A MATTER OF TOUCH

The My Ice app grants the possibility to have full control of each single machine, via Bluetooth/Wi-Fi.

Icematic is proud to introduce the patented system for ice programmable production with this innovative app.

Through My Ice app, you can start your production cycles for a very defined and programmed quantity of ice, selecting the time when you want it available for use.

These pluses are a true added value to optimize production, while minimizing wastes and providing always freshly- made ice, avoiding the risk of bacterial proliferation.

Through My Ice app, you can start your production cycles for a very defined and programmed quantity of ice, selecting the time when you want it available for use.

Additionally, it is possible to remotely control the current status of the machine, and adjust the storage capacity, with no need to touch or open the machine.

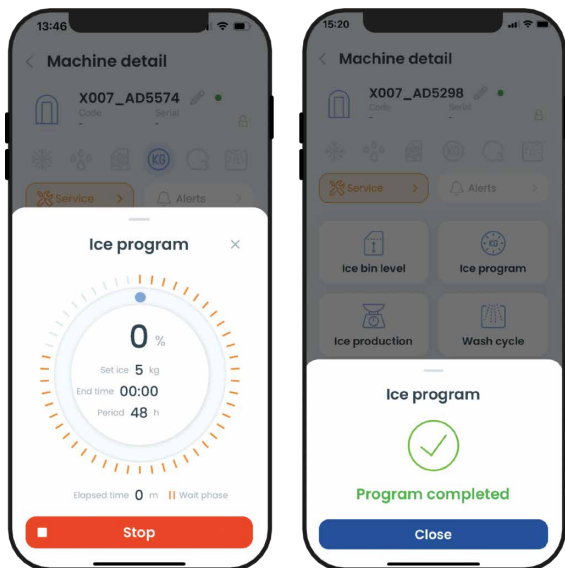

Managing your ice is a matter of touch on your smartphone, it has never been easier. See next page for details.
